INTRODUCTION

Constitutional and statutory provisions require voters to authorize general obligation (GO) bonds issued by state and local governments. For bonds issued by the state, the authorization must be made through a statewide election. Local bonds must be approved by voters within the jurisdiction authorizing the bond. The state and local governments must also seek voter approval for levies of certain revenue exactions and taxes. For both state and local measures, the voter approval threshold depends on the type and purpose of the bond or tax (see Figure 1).

The California Debt and Investment Advisory Commission (CDIAC) publishes a statistical summary and review of bond and tax measures appearing on state and local ballots. This report, the 40th in the series, summarizes the results of bond and tax measures on the November 8, 2022 General Election, as well as a local election that occurred on August 30, 2022. This report also contains appendices which summarize the measures by county, region, type of tax, and purpose.

TAX MEASURES

- **SUPPORT FOR TAX MEASURES.** Voters approved 68.2% of local general and special tax measures. (Figure 5)
- **GOOD SUPPORT FOR LOCAL GENERAL TAX MEASURES.** Voters approved 79.2% of local general tax measures.
- **MAJORITY VS. TWO-THIRDS VOTING REQUIREMENT.** All of the general tax measures needed only a majority of the vote to pass. If these measures had a two-thirds voting requirement, only 29.6% (37 of the 125 general tax measures) would have passed. In contrast, special tax measures require two-thirds voter approval to pass. If these measures required a majority vote, 79.5% (58 of the 73 special tax measures) would have passed.
- **PURPOSE OF TAXES.** Most of the tax measures were general taxes for various general government purposes (63.6%). The remaining measures were for other purposes such as capital improvements, public health and safety, and education. (Figure 6)

SUMMARY

In both the 2020 and 2022 General Elections, voters positively supported bond and tax measures; however, the 2022 General Election had a lower passage rate (69.0%) compared to the 2020 General Election (75.0%). The 2022 General Election had more measures on the ballot (303) compared to the 2020 General Election (264), representing a 14.8% increase from 2020 to 2022.

In addition, the Central Valley region had an increase of 66.7% in the total number of proposed measures presented to voters from 2020 to 2022 but received a similar amount of support from voters with a 56.3% passage rate in 2020 and 57.5% in 2022.

In both elections, general government not only comprised the majority of ballot measures: 41.6% in 2022 and 51.9% in 2020, but it also had the highest passage rates: 78.6% in 2022 and 82.5% in 2020. The number of cannabis measures which are included as general government measures in this analysis slightly increased in the 2022 General Election (28) compared to 2020 (26), as well as the passage rate (89.3% in 2022 and 84.6% in 2020). Under the Education purpose category, the number of measures for College Facilities had a large increase with nine measures (eight bond and one tax) in the 2022 General Election compared to two measures (one bond and one tax) in the 2020 General Election.
