CALIFORNIA MARKS-ROOS BOND POOLING PARTICIPANTS FISCAL YEAR 2010-2011 YEARLY FISCAL STATUS REPORT SUMMARY

The Marks-Roos Local Bond Pooling Act of 1985, as amended, requires the submission of annual reports to the California Debt and Investment Advisory Commission (CDIAC) on the fiscal status of bonds issued by bond pool participants on or after January 1, 1996 until the bonds are no longer outstanding. The law also requires any participant who does not make principal or interest payments on any outstanding bond issue or who draws below the minimum reserve fund to make principal and interest payments, to report the event to CDIAC.

This is the eleventh summary of Marks-Roos bond pools fiscal status data reported to CDIAC in accordance with Government Code Section 6599.1.

Appendix A provides the fiscal status information on those Marks-Roos bond pool participants who sold debt between January 1, 1996 and June 30, 2011 and whose bonds remain outstanding. Appendix B lists the defaults or draws on reserve reported during Fiscal Year (FY) 2010-11 (July 1, 2010 through June 30, 2011). State law requires issuers of Mark Roos, regardless of when the bonds were issued, to report to CDIAC within ten days of drawing on a bond reserve fund to make a payment to bondholders or defaulting on a payment. Notices of draws on reserve and defaults filed with CDIAC are available online. Appendix C contains a listing of abbreviations used throughout the report.

TYPES OF MARKS-ROOS FINANCINGS

In this report, there are two types of Joint Powers Authorities (JPAs) that issue bonds under the Marks-Roos Bond Pooling Act of 1985: the multijurisdictional JPAs and captive JPAs.

Multijurisdictional JPAs are statewide or regional joint powers agencies that function as conduit issuers on behalf of their members or other local agencies.

Captive JPAs are created when a local agency forms a joint powers agency, usually a public financing authority (PFA), with a separate entity under its political control, e.g., the city and its redevelopment agency.

Illustrations of the multijurisdictional and captive JPA structures are depicted in Figures 1 and 2 on pages 2 and 3.

Whether the JPA is multijurisdictional or captive, it uses the proceeds of the bonds to finance local agency capital improvement projects or to acquire local obligations by either purchasing obligations from local agencies or making loans to local agencies. The recipients of these purchases or loans may be local agencies from within their own jurisdictions or from agencies outside of their jurisdiction. These recipient agencies are referred to as local obligors (LOBs).

The types of debt purchased from LOBs include, but are not limited to, community facility district, assessment district, tax allocation, or general obligation bonds and certificates of participation. Loans from PFAs to LOBs are repaid from varied sources such as special tax, assessments, tax increment, general fund, and enterprise revenues.

ORGANIZATION OF APPENDIX TABLES

Appendix A, the Authority Bond Issues Report, contains data from the fiscal status reports filed with CDIAC for FY 2010-11 and is organized alphabetically by county, authority, and the local obligors associated with the authority issue. Authority issuers that have multicounty boundaries are placed at the end of the section. Authority issue data is displayed first and is followed by the information on each of the local obligors.

Appendix B summarizes the Draw on Reserve Fund/Default Report data filed with CDIAC during FY 2010-2011.

Appendix C serves as reference for the abbreviations used in this report.

Authority Issuers Fiscal Status Reports

The authority bond issue reports are divided into several sections. The first section includes debt issuance information from the issuer's Report of Final Sale originally submitted to CDIAC and published in the CDIAC's monthly newsletter, DEBT LINE.¹

The next section which includes Parts A thru G, provides the fiscal status information for the authority bond issue. It is designed to show the use of funds over time and contains the following information:

- Part A - includes the final fiscal year figures for the following categories: principal amount outstanding, minimum reserve fund required, bond reserve fund balance and capitalized interest fund balance.

- Part B - shows the original cost of issuance total for the bond issue. (Initial filing only)
- Part C - notes whether or not the agency participates in the county Teeter Plan program.
- Part D - shows the terms of any investment contract for the bond funds, including the maturity date of the contract and the investment earnings for the fiscal year.
- Part E - contains information on annual professional services fees associated with the issue.
- Part F - is the list of local obligations purchased by the authority from the bond pool proceeds or the loans made by the authority from the bond proceeds to local obligors. The list includes the local obligor's name, its CDIAC reference number, the date of the loan, the amount of the purchase or loan, the loan amount outstanding, any administrative fees charged to the local obligor, delinquency information and the type of tax which may be the source of repayment.²
- Part G - contains any miscellaneous information reported by the authority to CDIAC.

¹ Copies of past monthly Debt Line newsletters may be found at: <http://www.treasurer.ca.gov/cdiac/debtpubs/debtline.asp>.

² The "Date of the Loan", "Loan Amount Outstanding", "Delinquency Rate and Reporting Date" and "Tax Type" fields were added to the report in FY 2010-11.

Local Obligors Fiscal Status Reports

For the most part, the local obligor fiscal status information will directly follow the authority report. The fiscal information on each local obligation is divided into four sections. The first section includes information from the issuer's Report of Final Sale originally submitted to CDIAC and published in the CDIAC's monthly newsletter, DEBT LINE.

The next section, which includes Parts A thru G, contains the following local obligor's yearly fiscal status information:

- Part A - shows the principal amount outstanding and the minimum bond reserve required or the percentage of the authority's reserve fund apportioned to the local obligor.
- Part B - shows the delinquency rate for taxes and assessments supporting the local obligation. This is reported as a percentage of the applicable tax increment, special tax or benefit assessment installment due.
- Part C - notes if the agency is under a county Teeter Plan.
- Part D - lists the authority name.
- Part E - lists the CDIAC reference number. If a senior-subordinate structure is used in the financing, then both of the bond series are listed.
- Part F – lists the principal amount issued.
- Part G - includes any miscellaneous information reported by the local obligor. If blank, no additional information has been provided.

CDIAC reports information on issuance, fiscal status, and draws on reserve and defaults from sources believed to be reliable, but does not attempt to verify or audit individual reports. Readers are encouraged to call the contacts listed on this report or the issuer of the financing with specific questions about the individual issues.

Draw on Reserve/Default Reports

There are two parts of the Draw on Reserves/Default portion of this report:

The first section includes information from the issuer's Report of Final Sale originally submitted to CDIAC.

The next section, which includes Parts A thru C, contains the following data on the draw on reserve or default:

- Part A - contains the information reported on the draw or default, including the date the report was received by CDIAC the date of the draw or default, and the amount withdrawn or not paid.
- Part B – contains a contact name and phone number for the organization reporting the draw on reserve or default.
- Part C – contains any additional information that the issuer has submitted to CDIAC about the event.

CDIAC reports information on issuance, fiscal status, and draws on reserve and defaults from sources believed to be reliable, but does not attempt to verify or audit individual reports. Readers are encouraged to call the contacts listed on this report or the issuer of the financing with specific questions about the individual issues.

Draw on Reserve/Default Reports are distributed upon request to interested parties throughout the year as the CDIAC Marks-Roos Draw on Reserve/Default report. The information also appears on CDIAC's website www.treasurer.ca.gov/CDIAC. Five Draw on Reserve/Default Reports were received during FY 2010-11.

MISCELLANEOUS

The change in the reserve requirement was due to the calculation in reserve requirement. This is based on the minimum of the 10% of the original bond issue, the Maximum >>>>>annual Debt service on the remaining debt service payment, or 125% of the average annual debt service. The maximum annual Debt Service fell because the highest debt >>>>>service payment has passed, so the next highest is now the applicable Reserve Requirement. This will continue to fall through the remainder of the life of these bonds.
