## CALIFORNIA MARKS-ROOS BOND POOLING PARTICIPANTS FISCAL YEAR 2013-2014 YEARLY FISCAL STATUS REPORT SUMMARY

The Marks-Roos Local Bond Pooling Act of 1985, as amended, requires the submission of annual reports to the California Debt and Investment Advisory Commission (CDIAC) on the fiscal status of bonds issued by bond pool participants on or after January 1, 1996 until the bonds are no longer outstanding.<sup>1</sup> The law also requires any participant who does not make principal or interest payments on any outstanding bond issue or who draws on the reserve fund to make principal and interest payments, to report the event to CDIAC.

This is the annual summary of the Marks-Roos bond pools fiscal status data reported to CDIAC in accordance with Government Code Section 6599.1.

Appendix A provides the fiscal status information on those Marks-Roos bond pool participants who sold debt between January 1, 1996 and June 30, 2014, whose bonds remain outstanding and who submitted a yearly fiscal status report. Appendix B lists the defaults, draws on reserve or replenishment reported during Fiscal Year (FY) 2013-14 (July 1, 2013 through June 30, 2014). State law requires issuers of Marks-Roos, regardless of when the bonds were issued, to report to CDIAC within ten days of drawing on a bond reserve fund to make a payment to bondholders or defaulting on a payment. Notices of draw on reserve, a report of a default or replenishment filed with CDIAC are available online.<sup>2</sup> Appendix C contains a listing of abbreviations used throughout the report.

### TYPES OF MARKS-ROOS FINANCINGS

The issuances of two types of Joint Powers Authorities (JPAs) which issue under the Marks-Roos Bond Pooling Act of 1985 are included in this report: the multijurisdictional JPAs and captive JPAs.

Multijurisdictional JPAs are statewide or regional joint powers agencies that function as conduit issuers on behalf of their members or other local agencies.

Captive JPAs are created when a local agency forms a joint powers agency, usually a public financing authority (PFA), with a separate entity under its political control, e.g., the city and its redevelopment agency.

Illustrations of the multijurisdictional and captive JPA structures are depicted in Figures 1 and 2 on pages 2 and 3.

Whether the JPA is multijurisdictional or captive, it uses the proceeds of the bonds to finance local agency capital improvement projects or to acquire local obligations by either using bond proceeds to purchase obligations from or make loans to local agencies, or by transferring bond proceeds to a local agency under the terms of a contract. The recipients of these proceeds may be local agencies from within their own jurisdictions or from agencies outside of their jurisdiction. These recipient agencies are referred to as local obligors (LOBs).

---

<sup>1</sup> Government Code Section 6585(c) defines "Bonds" as including, but not limited to, assessment bonds, redevelopment agency bonds, government-issued mortgage bonds, industrial development bonds, bond notes, revenue notes, tax or grant anticipation notes, commercial paper, floating rate and variable maturity securities, certificates of participation, lease-purchase agreements and any other evidence of indebtedness.

<sup>2</sup> In 2011, CDIAC began accepting the voluntary filings of replenishments to reserve accounts.

The types of debt purchased from LOBs include, but are not limited to, community facility district, assessment district, tax allocation, or general obligation bonds and certificates of participation. Loans from PFAs to LOBs are repaid from varied sources such as special tax, assessments, tax increment, general fund, and enterprise revenues.

## ORGANIZATION OF APPENDIX TABLES

Appendix A, the Authority Issuers Fiscal Status Reports, contains data from the fiscal status reports filed with CDIAC for FY 2013-14 and is organized alphabetically by county, authority, and the local obligors associated with the authority issue. Authority issuers that have multicounty boundaries are placed at the end of the section. Authority issue data is displayed first and is followed by the information on each of the local obligors.

Appendix B summarizes the Draw on Reserve Fund/Default/Replenishment Report data filed with CDIAC during FY 2013-2014.

Appendix C serves as reference for the abbreviations used in this report.

### **Authority Issuer Fiscal Status Reports – Authority Issuer**

The authority issuer fiscal status reports are divided into several sections. The first section includes debt issuance information from the issuer's Report of Final Sale originally submitted to CDIAC and published in CDIAC's monthly Debt Line newsletter.<sup>3</sup>

The next section which includes Parts A thru F, provides the fiscal status information for the authority bond issue. It is designed to show the use of funds over time and contains the following information:

- Part A - includes the final fiscal year figures for the following categories: principal amount outstanding, minimum reserve fund required, capitalized interest fund balance, bond reserve cash balance, the amount of reserve secured by a surety bond and total bond reserve.

- Part B - shows the original cost of issuance total for the bond issue. (Initial filing only).
- Part C - notes whether or not the agency participates in the county Teeter Plan program.
- Part D - shows the terms of any guaranteed investment contract for the bond funds, including the maturity date of the contract, commission and fees paid and the investment earnings for the current fiscal year.
- Part E - contains information on annual professional services fees associated with the issue.
- Part F - is the list of local obligations purchased by the authority from the bond proceeds or the loans made by the authority from the bond proceeds to local obligors or transferred to a local obligor under the terms of a contract between the authority and the local obligor. The list includes the type of debt instrument used by the local obligor, the local obligor's name, its CDIAC reference number, the amount of the purchase or loan and any administrative fees charged to the local obligor.
- Miscellaneous section - includes any additional information reported by the authority to CDIAC. If blank, no additional information has been provided.

## **Authority Issuer Fiscal Status – Local Obligors Fiscal Status Reports**

The local obligor fiscal status information will directly follow the authority report if a report was submitted. The fiscal information on each local obligation is divided into several sections. The first section includes information from the issuer's Report of Final Sale originally submitted to CDIAC and published in CDIAC's monthly Debt Line newsletter.

The next section, which includes Parts A thru D, contains the following local obligor's yearly fiscal status information:

- Part A - shows the principal amount outstanding and the minimum bond reserve required or the percentage of the authority's reserve fund apportioned to the local obligor, capitalized interest, any admin fees charged by the authority and bond reserve fund balance .
- Part B - shows the delinquency rate for taxes and assessments supporting the local obligation. This is reported as a percentage of the applicable tax increment, special tax or benefit assessment installment due, any taxes due or taxes unpaid.
- Part C - notes whether or not the agency participates in the county Teeter Plan program.
- Part D - lists the authority name, its CDIAC reference number and its principal amount.
- Miscellaneous section – includes any additional information reported by the local obligor to CDIAC. If blank, no additional information has been provided.

## **Draw on Reserve/Default/Replenishment Reports**

There are two parts of the Draw on Reserves/Default/Replenishment portion of this report:

The first section includes information from the issuer's Report of Final Sale originally submitted to CDIAC.

The next section, which includes Parts A & B, contains the following data on the draw on reserve, default or replenishment:

- Part A - contains the information reported on the draw or default or replenishment, including the date the report was received by CDIAC the date of the draw or default or replenishment, and the amount withdrawn or not paid or replenished.
- Part B – contains a contact name and phone number for the organization reporting the draw on reserve or default or replenishment.
- Miscellaneous section – includes any additional information that the issuer has submitted to CDIAC about the event. If blank, no additional information has been provided.

CDIAC reports information on issuance, fiscal status, and draws on reserve, defaults and replenishments from sources believed to be reliable, but does not attempt to verify or audit individual reports. Readers are encouraged to call the contacts listed on this report or the issuer of the financing with specific questions about the individual issues.

Draw on Reserve/Default/Replenishment Reports are distributed upon request to interested parties throughout the year as CDIAC Marks-Roos Draw on Reserve/Default/Replenishment report. The information also appears on CDIAC's website [www.treasurer.ca.gov/CDIAC](http://www.treasurer.ca.gov/CDIAC). Nine Draw on Reserve/Default/Replenishment Reports were received during FY 2013-14.
