## California Debt Advisory Commission

The California Debt Advisory Commission is the state's clearinghouse for public debt issuance information. The Commission was created by the California Legislature in 1981 to assist state and local government agencies with the monitoring, issuance, and management of public debt.

### The California Debt Advisory Commission members include:

**Kathleen Brown**  
California State Treasurer  
and Chair

**Pete Wilson**  
Governor

or

**Russell Gould**  
Director  
Department of Finance

**Gray Davis**  
State Controller

**Robert G. Beverly**  
State Senator

**Lucy Killea**  
State Senator

**Jim Costa**  
State Assemblyman

**Dean Andal**  
State Assemblyman

**Donald W. Merz**  
Treasurer-Tax Collector  
Sonoma County

**Phyllis E. Currie**  
Chief Financial Officer  
Los Angeles City Department  
of Water and Power

Additional information concerning this report or the program of the California Debt Advisory Commission may be obtained by contacting:

**Steve Juarez**  
Executive Director  
California Debt Advisory Commission  
(916) 653-3269

## ACKNOWLEDGMENT

The California Debt Advisory Commission gathers, compiles, and disseminates information on California public debt.

The California Debt Advisory Commission wishes to thank those public agencies which make the timely publication of information possible by promptly filing their reports pursuant to Section 8855(g) of the California Government Code.

So that debt information may continue to be provided in a useful manner, the Commission would be pleased to receive any comments or reactions to this report.

This report was prepared by Berma Williams, Eileen Park, and Martha Riley of the Commission staff.

## 1993 SUMMARY OF CALIFORNIA PUBLIC DEBT

---

---

### INTRODUCTION

This is a summary of information furnished to the California Debt Advisory Commission under the provisions of Section 8855 (g) of the California Government Code regarding debt issued by State and local agencies and nonprofit student loan corporations. Data includes information for issuances from January 1 through December 31, 1993, reported to the Commission by February 15, 1993. The data is not audited by the Commission.

The appendix tables summarize public debt issuances by type of debt instrument (e.g., general obligation bonds, certificates of participation, notes, etc.); use of proceeds (e.g., single-family housing, education, health care, etc.); taxable financings; financings for the purpose of refunding existing indebtedness; and types of issuing agencies (e.g., cities, counties).

Appendix tables begin on page A-1. Summary tables, *California 1993 Public Debt Issuance by Type, California Public Debt Issuance by Purpose, and California Public Debt by County of Origin* are included in the appendix on pages A-332, A-333, and A-335, respectively. These tables are published regularly in the California Debt Advisory Commission's monthly newsletter, *DEBT LINE*.

The *1993 SUMMARY OF CALIFORNIA PUBLIC DEBT* and *CALENDAR OF DEBT ISSUANCE* are published as companion volumes to the Commission's *1993 ANNUAL REPORT*. The *1993 ANNUAL REPORT* provides a review of the Commission activities and accomplishments in 1993, and the *CALENDAR* is a compilation of each debt issue reported sold in 1993. The *CALENDAR* is organized by issuer and, as such, presents the year's history of each agency's debt issuance activity.

### SUMMARY

Taking advantage of the lowest interest rates in two decades, public agencies in California refunded debt at record levels in 1993, pushing total debt issuance to a new high of \$56.6 billion. Compared to the \$43.8 billion issued in 1992, this represents an 29 percent increase. The level of refundings rose to a record high of \$23 billion in 1993, an 81 percent increase over last year's refinancings of \$12.8 billion.

Total long-term debt issuance by California public agencies amounted to \$39.3 billion, up 46 percent from the \$26.8 billion sold in 1992. Long-term debt accounted for 69 percent of the total issuance, with refunding

accounting for 59 percent of all long-term debt issued for the year. As noted in Table 1 below, the amount refunded this year is considerably more than the \$12.8 billion refunded debt in 1992, when refundings accounted for approximately 48 percent of all long-term debt issued.

In addition to increased refunding, there was two other factors contributing to the overall rise in public debt in 1993: (1) an increase in long-term debt issued for new facilities and equipments; and (2) a steady use of short-term interim financings by State and local agencies for cash-flow purposes.

Taxable debt issuance by public agencies tripled to \$4.2 billion in 1993, up from the \$891 million issued in 1992. Opportunities presented by the lowest interest rates in two decades spurred some agencies into selling taxable financings for cash-flow purposes or to invest the proceeds and generate legal arbitrage profits as part of their cash management plans.

**Table 1**  
**CALIFORNIA PUBLIC DEBT ISSUANCE**  
**Long-Term vs. Short-Term**  
(Millions\$)

	1992	1993
Long-term	26,815	39,280
(Refundings)	(12,845)	(23,036)
New Long-Term	(13,970)	(16,244)
Short-term, interim financing	17,039	17,311
<b>Total</b>	<b>43,854</b>	<b>56,591</b>

State and local agencies issued 74 percent (\$41.8 billion) of the total debt on a negotiated or privately-placed basis. The remaining amount, \$14.8 billion (26 percent) was competitively-bid. This is a four percentage point decrease in the dollar amount of negotiated issues from 1992 when 78 percent of the dollar volume was negotiated and 22 percent was competitively bid.

A total of 1,246 California public agencies sold debt issues in 1993, including 13 State agencies, 1,265 local agencies, and one student loan corporation. Financings by local joint powers authorities, which also include Marks-Roos bond pools, accounted for 18 percent of the total debt by *type of issuer*. This is a significant increase due to the increased use of tax and revenue anticipation notes (TRANS) and "other" bonds through pooled financings by local agencies. Detailed 1993 debt issuance information by type of issuer is presented in Appendix Tables A-1, A-2, and A-3.

## STATE OF CALIFORNIA ISSUANCE

### State Issuance Drops In 1993

Total long- and short-term debt issued by the State of California and its various departments and financing authorities totalled \$15.3 billion. This total reflects short-term issuance of \$7 billion (46 percent) and long-term debt issuance of \$8.3 billion (54 percent) of the State total. The 1993 total is down 9 percent from the 1992 total issuance of \$16.7 billion.

Fueled by the lowest interest rates in two decades, refundings dominated the State's debt market. The 39 percent increase in long-term debt issued by the State of California between 1992 and 1993, was primarily the result of a rise in refunded debt. Of the \$8.3 billion of long-term debt issued by the State, 49 percent of total long-term debt was new money and 51 percent was sold to refund existing long-term debt. This is a marked increase from 1992 when the State sold \$6 billion in long-term debt, with \$4.9 billion of new and just \$1 billion in refundings. Appendix Table A-6 provides an overview of debt financing by State issuers.

### Short-Term Debt Financing Down

The amount issued for short-term cash-flow financings dropped 35 percent from calendar year 1992. The State issued a total of \$7 billion

composed of revenue anticipation warrants and revenue anticipation notes to fund the year-end cash-flow deficit and to provide interim financing for the remainder of the year. This was down from the record-high \$10.8 billion in interim financing debt issued in 1992. Even with the drop in issuance, short-term financings made up 46 percent of the State's total issuance.

### Half of State Debt Issued Through Bonds

Bonds sold by the State and its agencies amounted to \$7.9 billion, up 33 percent from \$6 billion issued in 1992. Public lease revenue bonds amounted to \$2.5 billion, over 32 percent of all State bonds sold in 1993. Half of that total was for refunding of prior debt. Other bond issuance included \$1.9 billion in general obligation (G.O.) bonds, down 40 percent from the \$3.1 billion sold in 1992, with \$145 million to refinance outstanding G.O. bonds in 1993. Conduit revenue bonds totalled \$1.9 billion, with 56 percent sold for refunding purposes, and public enterprise revenue bonds, amounted to \$1.7 billion, with 91 percent for refunding purposes. The State also issued \$187 million in certificates of participation, all of which refunded existing debt.

### Capital Improvements and Education Are Top Priorities at State Level

In the capital improvements/public works category, bonds issued for prisons, jails and correctional facilities recorded the largest total sold in this category, \$1.7 billion. Of this amount, 46 percent, or \$783 million, was for refunding. Funding for education was next with college/university facilities issuance totalling \$1.4 billion, and K-12 school facilities amounting to \$1.1 billion. Of these totals, 55 percent of the college/university financing was refunded debt, while only 13 percent of the State's general obligation bonds issued for K-12 facilities was for refunding purposes.

Housing issuance totalled \$1 billion in 1993, up 728 percent over 1992, representing the largest increase in purpose of financing at the State

level. Taking advantage of the low interest rates to retire higher interest-rate debt, 98 percent of all State housing bonds issuance was done for refinancing purposes. Debt issuance for health care/hospitals (\$457 million) and commercial/industrial development (\$335 million) remained virtually unaltered from the volume levels recorded in 1992. Table 2 reflects a comparison of State debt by purpose. A summary of State issuance by type and purpose of debt and refunding is presented in Appendix Table A-7.

Table 2  
**STATE OF CALIFORNIA**  
**COMPARISON BY PURPOSE OF DEBT**  
**1992 - 1993**  
 (Millions \$)

	1992	1993	% of Change

Capital Improvements	2,454	3,586	+46.1
Commercial/Industrial	338	335	-0.9
Education	2,611	2,872	+10.0
Hospital/Health Care	446	457	+2.5
Housing	124	1,027	+728.2
Total	16,748	15,277	-8.8

### LOCAL ISSUANCE

#### Local Agency Debt Issuance Up 54 Percent

Local agencies in California issued a record \$41.2 billion in debt in 1993, a 54 percent increase from 1992 total of \$26.8 billion. Again, low interest rates throughout the year provided an incentive for both new financings and refunding of prior debt. Additionally, pool financings for short-term notes brought a number of new issuers to the market in 1993.

Debt issuance at the local level is composed of \$10.3 billion in short-term debt, (a 65 percent increase from the \$6.3 billion sold in 1992) and \$30.9 billion in long-term debt, (a 51 percent increase over last year total). Refinancings accounted for \$18.7 billion (61 percent) of the 1993 long-term total. A detailed overview of debt financing is presented in Appendix Table A-9.

### Bond and COPs Issuance Up

Total bond issuance at the local level was \$23.7 billion, representing 58 percent of all local debt sold in 1993. This is up 54 percent from the \$15.4 billion in local bonds sold in 1992. Public enterprise revenue bonds, (which are composed of enterprise, public lease revenue, and other revenue bonds) totalled \$13.9 billion, almost double the \$7.4 billion issued in 1992. General obligation bond sales were \$1.9 billion, an increase of 86 percent from \$1 billion sold in 1992. This increase was almost entirely due to the refunding of \$1 billion in general obligation bonds this year.

Conduit revenue bond financing decreased slightly to \$1.4 billion in 1993, as compared to \$1.9 billion sold in 1992. Almost 79 percent of these bonds sold for refunding purposes. Limited tax obligation bond issuance, which includes Mello-Roos Community Facilities District (CFDs) financings, as well as sales tax revenue bonds for transit districts, remained virtually unchanged at \$2.2 billion. The bulk of debt issued in this category (\$2.1 billion) was for transit-related issuance. Certificates of participation and lease sales at the local level rose to \$6.2 billion in 1993, up 41 percent from the \$4.4 billion issued in 1992, with over 62 percent for refunding purposes.

### Local TRAN Issuance Hits New High

The increase use of tax and revenue anticipation notes (TRANs) to fund cash-flow needs hit a new high in 1993. Local agencies issued a total of \$9.8 billion in TRANs, representing a 62 percent increase from the \$6.1 billion issued in 1992. One of the largest factors contributing to the upsurge in issuance was the use of pool financings. Pools accounted

for \$1.1 billion of the total TRANs issued for the year. The use of taxable TRANs also spurred note issuance, as issuers took advantage of the low interest rates to sell interim debt at taxable rates. Appendix table A-9 provides a summary of debt financing by type of debt.

### Capital Improvements/Public Works Leads Local Issuance

The largest amount of local debt was sold for capital improvements/public works, with a issuance of \$20.8 billion, up 53 percent from the 1992 issuance of \$13.6 billion. Of the \$20.8 billion issued for capital improvements, only \$7.7 billion was new money issuance, while \$13.1 billion went for refunded debt.

A significant increase was noted in the hospital and health care financing area in which debt increased to \$2.6 billion, a 95 percent increase over the \$1.4 billion issued in 1992. This increase was due in part to the emergence of the California Statewide Communities Development Authority (CSCDA), a joint powers agency of city and county agencies, issuing over 38 percent of debt in the health care field.

Table 3  
LOCAL AGENCY  
COMPARISON BY PURPOSE OF DEBT  
1992 vs. 1993  
(Millions\$)

	1992	1993	% of Change
Interim Finance	6,264	10,310	+64.6
Capital Improvements	13,591	20,785	+52.9
Commercial/Industrial	204	100	-51.0
Education	1,391	1,729	+24.3
Hospital/Health Care	1,352	2,629	+94.5
Housing	1,030	1,035	+0.5
Redevelopment	2,679	4,224	+57.7
Other	243	436	+79.4
<b>Total</b>	<b>26,754</b>	<b>41,248</b>	<b>+54.2</b>

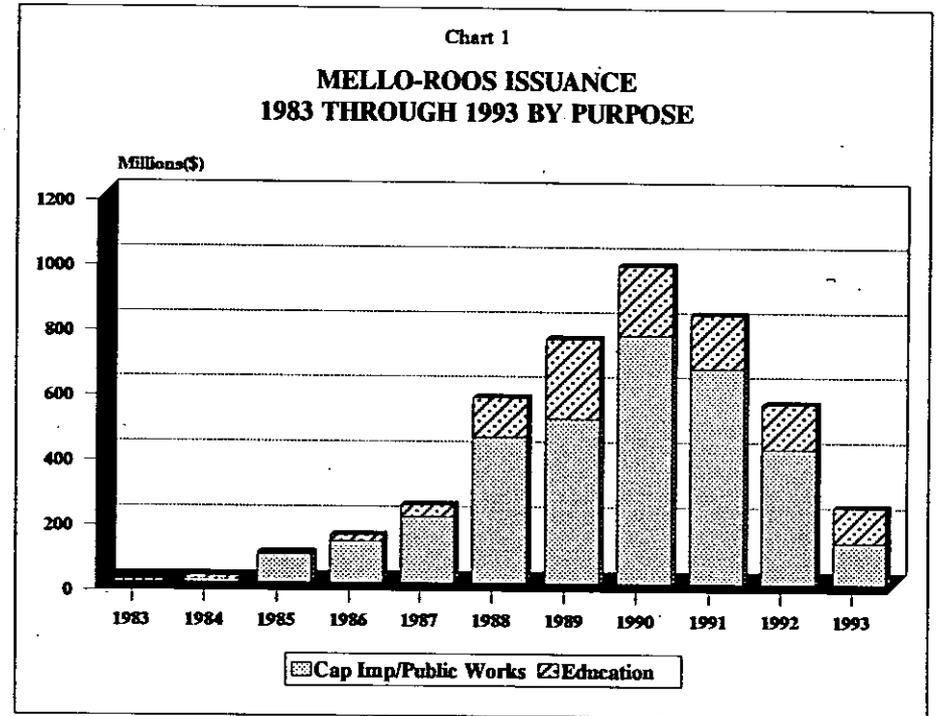

Redevelopment financings reached their highest total in five years, totalling \$4.2 billion in debt, representing a 58 percent increase from the 1992 issuance of \$2.7 billion. The increased financings were motivated by (1) low interest rate refunding opportunities; (2) the advent of new restrictions on redevelopment funding due to passage of AB 1290; and (3) the use of Marks-Roos bond pools. Fifty-nine percent, or \$2.5 billion of the redevelopment financings, were refundings. Comparisons of 1992 and 1993 local issuance figures by purpose are in Table 3. A summary of 1993 local financings by type and purposes of debt is presented in Appendix Tables A-10, A-11, and A-12.

### Mello-Roos Bond Issuance Continues to Drop in 1993

The final 1993 debt issuance totals for Mello-Roos Community Facilities Districts (CFDs) indicates that for the third year CFD issuance has declined. Amounting to \$237 million, (down 57 percent from the 1992 issuance of \$553 million), it is the lowest CFD issuance since 1986. The number of issues also dropped to 29 from the 46 issuers in 1992. By purpose, issuance was split almost evenly between capital improvements/public works projects accounting for \$108 million, and educational purposes totalling \$128 million. The overall decrease in Mello-Roos activity points to the continuing economic recession which has directly affected residential construction and land-based development in California. Chart 1 depicts Mello-Roos issuance by purpose since 1983, when the first Mello-Roos bond was issued.

### Debt by County of Origin

Local agencies in Los Angeles County led debt issuance with over \$11.9 billion (21 percent of the total volume) issued in 1993. Issuers in eight other counties reported debt issuance volume of \$1 billion or more. They include: Orange, \$4.9 billion; San Diego, \$3.6 billion; San Bernardino, \$1.9 billion; Santa Clara, \$1.7 billion; Riverside, \$1.4 billion; Alameda, \$1.3 billion; Sacramento, \$1.2 billion; and Contra Costa, \$1.2 billion. Fifty-six of the 58 counties reported debt issuance for the year.

Debt issued by public agencies operating in multiple counties are composed of public agencies whose boundaries overlap county lines or agencies in two or more counties, (i.e., pools, certain JPAs, joint unified school districts, certain transit districts, and non-profit corporations, etc.) issued approximately 10 percent of the total volume, accounting for \$5.5 billion in debt. A complete summary of 1993 public debt issuance by county of origin is presented in Appendix Table A-17.

Alpine and Modoc counties had no reported debt issuances for 1993.

\*Totals may include taxable debt issuances as well as issuance for the purpose of refunding existing indebtedness.

California Debt Advisory Commission, March 15, 1994

## NOTES

1. Totals include short-term debt, taxable debt, and debt issued to refund existing indebtedness. Amounts are reported to the California Debt Advisory Commission under Section 8855(g) of the Government Code. Figures may not add due to rounding. All percentage comparisons in the report are based on the actual figures, not the rounded version thereof.
2. Long-term includes all issues except interim finance issues.
3. Short-term includes interim finance issues.
4. Negotiated sales include private placements as well as negotiated financings.
5. The type of issuer was determined through a review of the official statement for the financing and/or publications made available by the State Controller's office and others.
6. The total used for the % of total calculation is \$56,591,196,446. Totals are rounded to two digits and therefore may not add to the total.
7. Includes the Los Angeles Department of Water and Power, airport commissions, ports and harbor commissions, parking authorities, COP/TRAN pools, as well as certain assessment and improvement districts.
8. Includes districts created under the provisions of the Mello-Community Facilities Act of 1982, as amended.
9. Refunding amounts are estimated from reports filed with the California Debt Advisory Commission, the official statement for the issue, and other available information.
