#### **Financial Discussion:**

# UOP has shown healthy operating margins in each of the last three years due to its growing and varied revenue base of tuition, gifts, investments and controlled expenditures.

UOP has exhibited solid revenue growth over the last three years. Revenues consist of a variety of sources that include tuition, gifts and investments that provides UOP with substantial liquidity and flexibility. Tuition has increased an average of 5% each year providing stable growth. In addition, investments have remained steady and gifts have nearly tripled over the last three years, increasing from \$6 million in 1999 to over \$16 million in 2001. UOP has been able to control expenditures while still increasing faculty pay and improving technology throughout the campus. UOP should continue to generate positive financial results with its continued demand for services and its diversified revenue base.

## UOP continues to have an extremely strong balance sheet with good liquidity.

UOP's balance sheet continues to grow with positive operating results and earnings from its investment portfolio. Liquidity is good with nearly \$50 million in cash and short-term investments. UOP has also embarked on a capital campaign that began in 2001 and has a working goal of \$200 million, with approximately \$90 million for endowment and the balance for capital projects and annual fund support. UOP currently has raised nearly \$68 million with approximately \$7 million designated for current capital projects. Debt service coverage is a strong 5.52x and with the proposed debt the proforma is 4.07x. UOP has minimal debt with debt to unrestricted net assets ratio of .38x and is projected to be .53x following this proposed financing.

## **IV. BACKGROUND:**

## General:

The University of the Pacific ("UOP"), founded in 1851, is the oldest charted university in California. From its beginnings in Santa Clara, the institution has evolved into an institution with campuses in Stockton, Sacramento, and San Francisco.UOP's main campus in Stockton combines many of the advantages of a larger university with those of a liberal arts college. From Stockton, UOP offers programs in the arts and sciences in addition to several professional programs, including pharmacy, business, engineering and education. This variety of programs in Stockton provides more than 4,200 undergraduate and graduate students with a wide range of choices both in selecting their major field of study as well as opportunities to pursue other educational interests. UOP's campus in Sacramento houses the McGeorge School of Law, one of the largest law schools in California, which offers legal training to approximately 1,000 students each year, along with a variety of legal and legal related programs to practitioners in the western United States. UOP's School of Dentistry in San Francisco has a record of training practicing dentists, while providing clinical services to qualified clinics in the Bay Area. The School of Dentistry enrolls approximately 450 students annually.

## Administration:

UOP is governed by a Board of Regents which consists of a minimum of 21 and a maximum of 33 members. Current membership of the Board is 28. The Board is responsible for the University's endowment and all the operations and properties of the University, including the adoption of the University budget, establishment of schools and departments, investment and accounting policies, debt policy, land use and development, faculty and staff appointments and benefits and gift development. The Board conducts its business through a number of committees.

#### Accreditations:

UOP has been accredited since 1949 by the Western Association of Schools and Colleges ("WASC"), the primary accrediting body for institutions of higher education in the western United States. The last WASC accreditation was in March 2000, in which WASC reaffirmed UOP's accreditation to 2010.

UOP also has professional accreditation and/or professional relationships with the following organizations: National Association of Schools of Art and Design; National Association of Schools of Music; National Association of Music Therapy; American Council on Pharmaceutical Education; National Council for Accreditation of Teacher Education; California Commission for Credentialing; Committee for Bar Examiners of the State Bar of California, American Bar Association; American Association of Law Schools; Computer Science Accreditation Board; Accreditation Board for Engineering and Technology: Civil Engineering, Electrical Engineering, Computer Engineering, Mechanical Engineering and Engineering Physics; American Speech and Hearing Association; Commission on Accreditation of Dental Education

Programs, Council of Dental Education; American Assembly of Collegiate Schools of Business; American Chemical Society; and American Physical Therapy Association.

#### Academic Programs:

The Stockton campus includes nine schools consisting of College of the Pacific (Arts & Sciences), Conservatory of Music, Eberhardt School of Business, Gladys L. Benerd School of Education, School of Engineering, School of International Studies, School of Pharmacy, Graduate School and University College. In addition to these schools and colleges in Stockton, UOP has a law school, the McGeorge School of Law, located in Sacramento, and a School of Dentistry in San Francisco.

UOP is unique among universities of its size for its range of liberal arts and professional programs: its 11 colleges and schools offer 135 majors and programs of study, including 30 graduate degree programs. The scope of academic choices is coupled with an institutional vision that encourages interdisciplinary learning and involvement with the greater community.
